Mark and Teresa L Nielsen
HC 64 BOX 118
Duchesne, UT 84021

Dear Mark and Teresa,

It has come to my attention that you recently updated title to your name on water rights formerly owned by Leon Nielsen. The subject water rights are related to the Duchesne – Strawberry Distribution system account number 100694.

This account has been delinquent since 2011 and has a current past due amount that needs to be brought current to insure delivery of water associated with these water rights. If the account is not made current, related diversions will be restricted for the 2014 irrigation year. The assessment amount that needs to be satisfied is \$145.64. Please see the enclosed account ledger related to the account

This yearly assessment will be due again in the spring of 2014, the exact amount may vary, depending on the budget and assessment set by the Duchesne - Strawberry Committee. However I expect this account will be assessed the minimum amount of \$40. This assessment is due each year, in the spring and covered in a separate billing statement. These assessment funds cover operational costs for the Duchesne - Strawberry distribution system, and support the water commissioner's efforts, to insure equitable delivery of water to all users on the system.

Please insure payment is made in a timely matter to avoid further State Engineer's Agency Actions related to collections on this account and to insure water delivery in the springtime. In the meantime I will update the account into your names and address. I can also update phone numbers if you provide those with your payment.

Thank you for your attention in this matter. If you have further questions, please contact me. I can be reached at (801) 538-7430 or at mikesilva@utah.gov

Sincerely,

Mike Silva
Distribution Engineer
